- Quality control oversight
- Assistance on any size project, at any step in the review process

## CHALLENGE

A prestigious law firm was faced with short discovery production deadlines in three cases. The firm's San Diego office contacted Advanced Discovery to Assemble two teams of experience, high-quality contract attorneys in San Diego and one team in San Francisco-for projects beginning within days of each other.

## SOLUTION

Advanced Discovery assembled teams of over 25 attorneys and developed a temporary review facility in San Diego. This required our team to quickly screen and select high-caliber groups of review attorneys for the client's three cases. They set up one team in our San Francisco Review Center and quickly procured a prime location and state of the art equipment for the two San Diego teams. Our managed review team then oversaw all technical aspects of the reviews

## ADVANTAGE

Advanced Discovery established a new review facility and assembled review teams for the three cases in less than a week. Collaborating with the client's managing counsel, Advanced Discovery provided high-quality managed review, including privilege review, logs and redactions. All production deadlines were met in time and on budget.
